The applicant Spring Creek Utilities Company, hereby makes application for permission to change the place of use and manner of use of water heretofore appropriated under permit #34820

1. The source of water is Underground (Wheat well)
2. The amount of water to be changed 1.6 c.f.s. (262.56 acre-feet)
3. The water to be used for Municipal
4. The water heretofore permitted for irrigation and domestic
5. The water is to be diverted at the following point same as existing
6. The existing permitted point of diversion is located within within the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22, T.33N., R.56E., M.D.M., from which the NW corner of said section bears N. 76° 54' 36" W., 4,886.59 ft. dist.
7. Proposed place of use See attached Exhibit "A", and map filed under application #61330
8. Existing place of use 87.52 acres within portions of Section 14, 15, 22 and 23, in T.33N., R.56E., (See PBU map filed under #34820)
9. Use will be from January 1 to December 31 of each year.
10. Use was permitted from January 1 to December 31 of each year.
11. Description of proposed works drilled and cased well (existing) with gravel packing, line shaft pump and motor, storage tanks and pipeline distribution network
12. Estimated cost of works
13. Estimated time required to construct works one year
14. Estimated time required to complete the application of water to beneficial use two years
15. Remarks: This temporary change application is made with the intent of augmenting other supply wells in the municipal system for the balance of the critical heavy demand summer season. Change application #58261, at the same source (rfa 3/93), also now assigned to Spring Creek Utilities Company, is to remain unchanged, until a determination is made on the permanence of the operation described under this temporary application. Applicant is securing approval of the public utilities commission and bureau of health protection services for immediate connection and use of this well. Occupancy and operation authority and right-of-way grant is being secured from the land owner. A copy of the well log is enclosed.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the place of use and manner of use of the waters of an underground source as heretofore granted under Permit 34820, Certificate 10567 is issued subject to the terms and conditions imposed in said Permit 34820, Certificate 10567 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on September 17, 1999 at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.6 cubic feet per second, but not to exceed 262.56 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

Proof of completion of work shall be filed before:

Application of water to beneficial use shall be filed on or before:

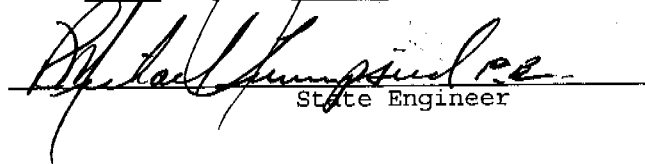

Proof of the application of water to beneficial use shall be filed on or before:

Map in support of proof of beneficial use shall be filed on or before:

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office,
